S'well

S'well (www.swellbottle.com) is the only fashionable and reusable water bottle, double walled in stainless steel leaving liquids cold for 24 hours and hot for 12. More importantly, S'well is a charitable community member and proud partner of WaterAid. For every bottle sold, a portion of the proceeds is donated back to help those living without safe water and sanitation around the world.

S'well will be distributing 2,000 ENK branded bottles on-site where VIP retailers can refill their bottles at water stations throughout the show floor.

S'well®
