

Includes **EITHER** a track of 4 halogen lights hung centered across the front aisle of your Booth (approximately 400 watts of power) **OR** 1000 watts of electric power (with 1 quad box which holds 4 plugs) per 100 sq. ft. booth at no extra charge. If you wish to order additional lighting or electricity, refer to page 50. If you select the ENK light package and need to plug in showcases, use a steamer, etc., you will need to order additional electricity from the Facility (page 50). No substitutions are permitted at show site.

Bringing your own lights

If you are bringing your own Booth lights, you must order Facility Electrical contractor labor at the prevailing rate (see page 50) to install and dismantle the lights and select booth power as part of your ENK booth package.

Location of Booth package lights

Your booth package lights will be centered across the front aisle of your booth. If you wish to have your booth lights hung in a different location, please indicate by filling out a diagram form page 24-27 and the Electrical contractor will try to accommodate your request.

1 INSERT YOUR BOOTH SIZE: _____

2 SELECT **EITHER** a light **or** power package Based upon your booth size noted on page 23.

☐ Light package.

OR

☐ Power package. **You must include a diagram indicating your desired location of the power drop (see page 51).**

☐ I require NO electric or lights from the ENK Booth Package
