ENK's Booth package comes complete with European-style hard walls. Every 10 feet (3 meters) of wall space is constructed with 3 white 1-meter panels. (Please refer to pages 25-28 for detailed diagrams.) If you require a special Booth wall configuration, which deviates from the standard Booth package provided by ENK, please indicate below your requested placement of the walls. All custom configurations MUST be submitted by July 20. Please remember that any walls used for a special configuration that are beyond the quantity included in the package provided by ENK must be ordered and paid for by completing the GES Rental Booth Furnishings form on page 38. If GES receives your special wall request by the deadline and no additional panels are required, you will not incur additional charges. Exhibitors requesting a special wall configuration after the deadline (including at show site) will incur labor charges for the time it takes to make the change plus charges for the wall panels if you go beyond the quantity provided for your Booth size. Some requests may not be possible due to structural reasons.
